CO-ORDINATING COMMITTEE

EXPORT OF MUSEUM EXHIBITS TO POLAND

Memorandum by the United Kingdom Delegation

References:- COCOM Documents 4071, 4107 and 4119

The Sikorski Historical Institute in Scotland have requested permission to ship the museum exhibits shown in the attached list to the Military Museum in Warsaw. The total value does not exceed £ 35.

2. All the items have had considerable use and were collected by the Polish fighting forces on various battlefields. The pieces could not be used for active service as they have been damaged, and have parts missing.

3. This shipment of exhibits comprises all the remaining pieces which the Sikorski Institute wish to transfer to Poland, as the Institute is now closing.

4. This memorandum is submitted following paragraph 2 of COCOM Document 4119 and Her Majesty's Government would be grateful for the committee's agreement to the issue of the necessary export permit by October 20.

United Kingdom Delegation,
PARIS.
